Dr. Lantos is Professor of Pediatrics at University of Missouri, Kansas City, and Director of the Children’s Mercy Bioethics Center at Children’s Mercy Hospital in Kansas City.

Dr. Lantos previously served on the faculty at the University of Chicago for 21 years, and has received distinguished appointments such as President of the American Society of Bioethics and Humanities, Associate of the Hastings Center, and Associate Director of the MacLean Center for Clinical Medical Ethics. Additionally, he has testified before the President’s Council on Bioethics about the ethics of research in pediatrics.

Dr. Lantos’s research focuses on ethical issues in innovative therapy in pediatrics. He has written extensively on genetics testing, NICU care, growth hormone, bone marrow transplants, and the treatment of disorders of sexual development.

The Bucksbaum Institute for Clinical Excellence was created to improve patient care, to strengthen the doctor-patient relationship, and to enhance communication and decision-making through research and education programs for medical students, junior faculty and master clinicians.
