Beth Lown, MD, is Associate Professor of Medicine and a general internist at Harvard Medical School. Dr. Lown is the first Medical Director of the Schwartz Center for Compassionate Healthcare at the Massachusetts General Hospital.

The Schwartz Center is dedicated to strengthening the relationship between patients and clinical caregivers and promoting compassionate healthcare. Dr. Lown leads the Schwartz Center’s National Consensus Project on Compassionate Healthcare and has developed educational programs to foster compassionate care while supporting clinical caregivers. The Schwartz Center has programs in more than 320 healthcare facilities in the United States and more than 20 healthcare facilities in the United Kingdom.

What does it take to be compassionate in today’s healthcare environment?
